MACBETH GALLERY

15 EAST 57TH STREET NEW YORK

In assembling this Summer Exhibition we have tried to bring together a group of pictures offering a wide selection as to artist, subject, size of canvas, and price; and particularly have we had in mind the buyer of moderate means who can but occasionally gratify his desire to own and hang upon his walls a painting by an eminent artist, intimate in size, choice in quality, and reasonably priced.

For such a collector the pictures in our first gallery, ranging from \$100 to \$1000 should have an especial appeal.

The pictures hung in our second gallery which are for the most part of larger dimensions vary in price from \$750 to \$6500.
