

AVAILABLE AGAIN FROM J&P—THE HARD-TO-GET

# Christmas Rose

(Helleborus niger altifolius)

## BLOOMS OUTDOORS FROM OCTOBER TO MARCH!

### A RARE PRIZE FOR YOUR GARDEN!

IMAGINE having flowers blooming in your garden *this* Thanksgiving, Christmas, New Year's! Well, you can have beautiful blooms *outdoors* from October to March—if you plant this highly prized *Christmas Rose*!

Yes, even when there is snow on the ground, *Christmas Rose* produces beautiful glacier-white blooms . . . lovely 5-petaled flowers measuring 2 to 3 inches across, with sparkling yellow stamens—clustered on 6 to 8 inch stems. Sturdy, leathery foliage literally hugs the ground—forming a broad low mass of handsome green. And this amazing perennial will produce more and more of these lovely flowers each year!

### NO TRICK TO GROW IT SUCCESSFULLY— GUARANTEED TO LIVE AND BLOOM!

*Christmas Rose* is very easy to grow, too! Given a location where it receives the winter sun—it takes only a couple of mild days for this miraculous plant to burst into bloom. This is the hard-to-get *altifolius* variety of the *Helleborus niger*. It's an improved large-flowered type . . . far superior to the common form. And Jackson & Perkins sends you exceptionally hardy, field-grown plants—*guaranteed to live and bloom* in your garden this Fall and Winter!

PRICE \$1.50 each 3 for \$3.75  
6 for \$7.50
